Technical Manual. Class – British Cycling Category B

1. Introduction

Paul Neville and Tim Peters are delighted to bring you the 2026 edition of the Pippingford Park race. Once again, our thanks go to C & N Cycles for their support and sponsorship of this year's race which includes the prizes across all categories.

We have an entirely new course with new parking and 'sign on' areas. Please follow the signs and marshals after you enter Pippingford Park.

If you like to get ahead on tyre choices, we can tell you that the ground is likely to still be firm and, in some areas, a little bumpy.

2. About the course

The new course is just a few hundred meters away from the 2025 edition, in adjacent fields and woodland.

The course is a mix of firm grassland, natural features, steps and a newly cut path through the woods. There are features that may require a dismount and some steps as per course map

The U12 course will remain in the first field, thus allowing spectators to see the whole race and cheer on our younger riders.

3. Travelling to the event

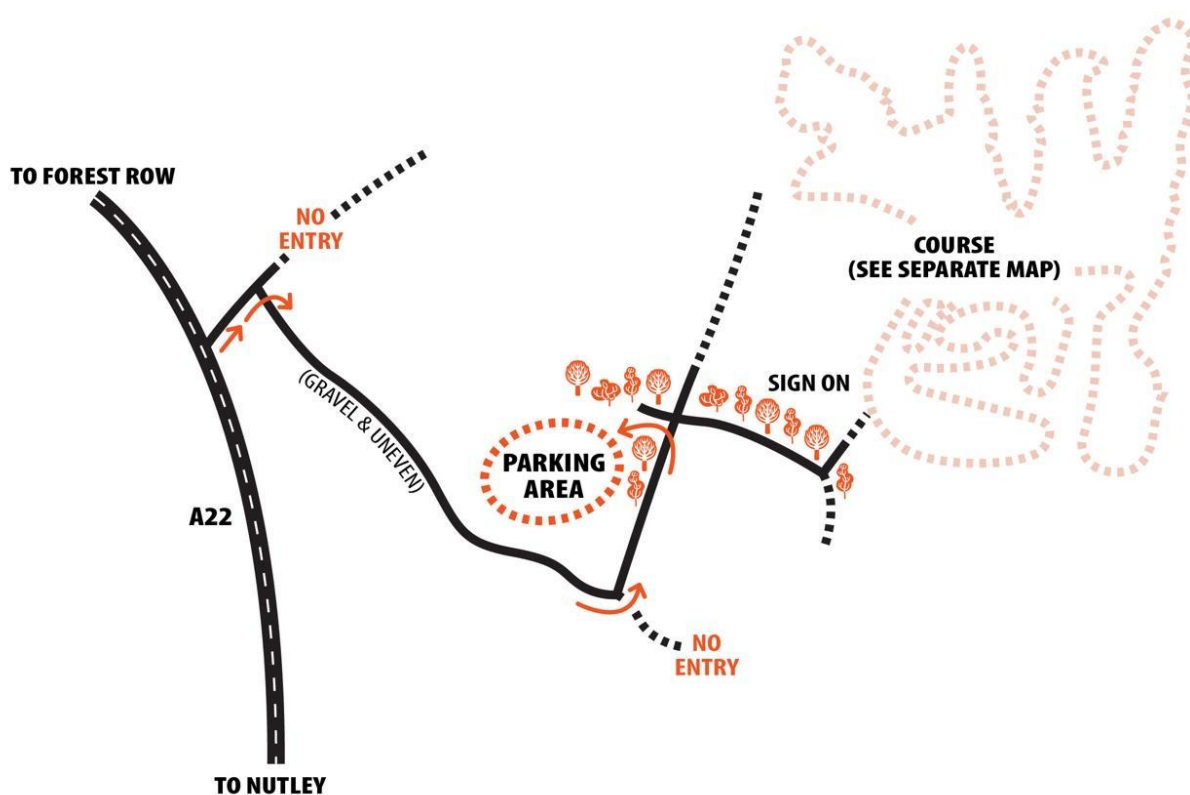

The nearest railway station is East Grinstead which is about 8 miles away.

Pippingford Park is just off the A22 between Wych Cross and Nutley. The entrance is by a parking layby and will be signposted with London and South East League flags and/or 'Cycle Event' and/or fluorescent yellow signs. Once you have entered the Estate, please ensure you turn right after approx. 80 meters and follow the signs down the rough gravel path for around 1km where you will need to make a left turn (which will be signposted) after which you will see the parking field entrance. In the event of significant rain, we may ask you to park on the gravel paths that approach the parking field, please follow the marshal instructions should this happen.

Once parked you will be directed to the sign on area where the course and pits etc will be visible. This is approximately 120 meters from the parking field.

If you are new to Pippingford Park, please allow 5 to 10 minutes to travel through the Park itself on the gravel paths and find the parking area.

How to find the course:

4. Sign on

Please collect your race number pack from the Sign on area / Gazebo. You will need to keep these and bring them every time you race in this year's league.

We suggest you allocate 10 minutes to set up the number pack and timing chip. Riders are not required to sign anything and are to use their race number for all events in the League. Riders will be confirmed at the event by the timing system picking up their timing chip at the start of the race. This means that you will not have to revisit sign-on at any other event you enter in advance once you have your race number pack.

If you have pre-ordered a 2nd bike number, follow the same process as above.

If you have forgotten your numbers, you will need to visit the timing tent (not sign on) by the finish line and collect a 'Temporary number' which you must return after your race. This will be your race number for the day only.

Important note

All riders must have their race numbers attached to their bike for the practice sessions.

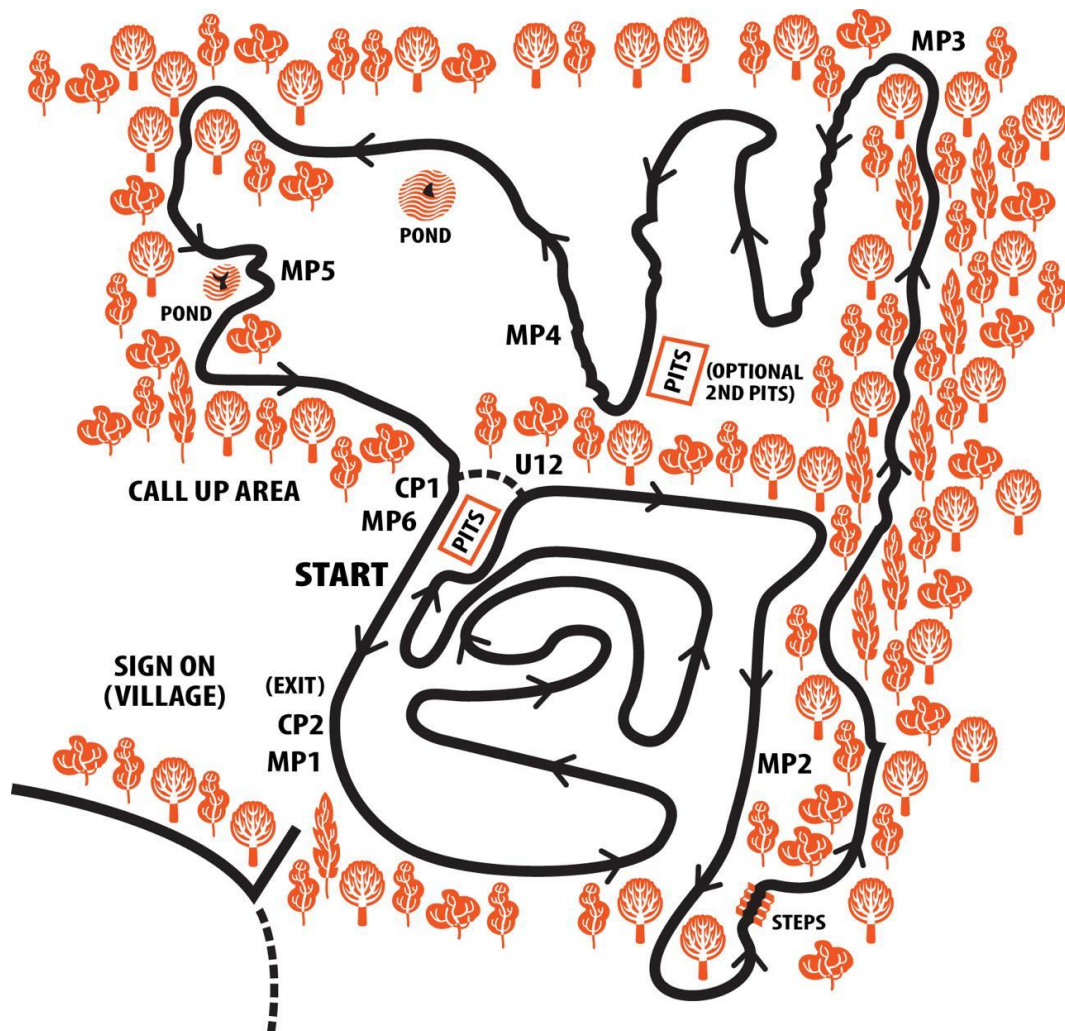

Return of last year's number pack

In our drive to keep costs down to you as riders and recycle equipment as much as possible, we really would like you to return your number tail fins and jersey numbers from previous seasons. There will be a marked crate at Sign on for you to do this.

5. Toilets and Showers

Portaloos are situated by the sign on area. There are no showers on site. Whilst there are water taps, we are currently unsure if these will be switched on and available to us. Availability will be made clear on the day.

6. Course – approximate outline (subject to change on the day)

7. Catering

The Charming Belle have once again agreed to be our mobile caterers for the day. They offer a typical fair that includes breakfast baps, fries and sandwich burgers!

8. Parking and Safety

Parking will be in a new field for this race and will be signposted.

In terms of site safety, this will be a non-smoking site and all forms of fire etc are not permitted due to the possibility of field fires. Dogs are not permitted at Pippingford Park primarily due to the Deer that roam freely across the Park.
