1. Introduction

Kingston Wheelers are delighted to be hosting Round 5 of the Challenge Tires London & South East Cyclo-cross League at Bedfont Lakes Country Park, in West London. While this is the first time we have held the race in the London and South East League, it has been successfully run since 2017 as part of the Central CX League programme.

Bedfont Lakes is a beautiful 180 acre country park and nature reserve, with lakes, wetlands, wildflower meadows and woodland as well as a dedicated dog exercise area, and children's playgrounds. We are indebted to the owners Hounslow Council, and the Park Rangers and Management, to allow us to use this space to hold the races.

The park has numerous well-maintained pathways, leading to the sign on and start areas from the park entrance on Bedfont Road and these should be easy to find.

Race HQ, sign-on, food vans, portable toilets, first aid, a double pit area and call up / gridding are all located in the centre of the course. Marshalled crossing points and closed paths will be clearly signed.

Dogs are welcome but please keep them on a lead, both to comply with park regulations and to keep them off the course.

Please note – petrol power washers are **not** permitted.

Please do not drop litter, clean your bike, or otherwise make a mess in the grounds or the car park.

We don't need to tell you to be considerate to other park users. We're totally dependent on the goodwill of Hounslow Council and the park Rangers to run this event, and they do get feedback from other park users.

2. About the course

The approximately 2.7km course is mainly grassland, with c.5-10% hard pack gravel. 15% will be on slopes / up or downhill. Depending on the weather conditions, the course can be fast and dry, or heavier with difficult muddy areas. After a straight start, the race crosses the central gravel path before turning and entering a pair of long, wide switchbacks, passing the pits for the first time. The race then crosses the finish line to begin the first lap proper. The course then follows a series of switchbacks, around the grass section of the course, into a set of meandering turns on a slightly sloped section. After passing the pits for the second time, the course heads uphill (where there is an opportunity for passing uphill if riders are strong) then following a narrower section over the crest of the hill, before a drop back down to a sharp left hand turn and a series of switchbacks,

followed by a sweeping turn section into the sloped northern section where the off camber elements can be energy sapping, before turning back and past the original start lane towards the finish line for the next lap. The U12 course is made from the main course, with a connector section at the eastern end of the pit area creating an enclosed, always visible course with no crossing points. Subject to confirmation we hope to include the northern gravel and grass section that includes the steps up to the 'castle' which has seen some interesting approaches over the years. Hurdles are planned for the straight after the return pit lane and will not be included on the U12 course.

Equipment Pits

Please only access the Equipment pits if you are supporting a rider.

We will have a double pit on the course defined by yellow flags, this will be located close to the Start/Finish area. Servicing and the changing of bicycles will only be allowed in these pits. A rider may only take the pit lane with the intention of changing a bicycle, wheel or receiving mechanical assistance.

We would really appreciate it if all competitors and supporters show great care to ensure that equipment is placed in a manner that allows free movement through the pit area/s.

When holding a bike for a rider please make sure that you do not impede another helper or rider.

We rely upon you to self-police the pits rather than place the burden on the already very busy commissaires. The commissaires may be there in attendance to provide guidance and direction.

If you are planning to have a spare bike then we advise you purchase a spare bike number as this has the timing chip in it. If you use a bike without one then you go invisible to the timing system and it relies on manual scoring and a clever process in the timing software that predicts your position in the race, however this has to be manually verified and slows down confirming a result for the prize presentation.

We also ask that riders only place their equipment in the pits just before their race and not whilst another race is still on to avoid congestion.

Refreshments and Bottle/Gel hand-ups at League races

A few riders have been asking what's allowed when it comes to drinks and food during a race. We want everyone, riders and parents, to be clear on this before race day, so here's a straightforward rundown.

We follow British Cycling rules for all races in the League.

You cannot do this, at any race:

- Be handed a bottle, gel or any other refreshment by anyone, family, pit crew or spectators, during the race. This is "unauthorised feeding" under British Cycling rules and it's a disqualification offence.

You can always do this, at every race, no permission needed:

- Carry your own food, gels or a drink on your bike or on you, and eat or drink whenever you like during the race.
- Collect a spare bike from the pits with a bottle already fitted to it. That's a bike change, not a hand-up, so it's fine.

The one exception, Senior, Youth, Junior and Master races only:

The Chief Commissaire has discretion to allow bottle or gel hand-ups. The Commissaire teams across the South East region have agreed a threshold for this: the Chief Commissaire may use their discretion to allow bottle hand-ups in the pits when the race-day temperature reaches 25°C. This keeps the decision consistent from race to race, rather than down to whoever is on duty that day. If the forecast for a round is 25°C or above, the technical guide will flag that hand-ups may be permitted, with the final decision confirmed at the start-line briefing.

Under 8, Under 10 and Under 12 races:

No hand-ups at all, at any temperature. These races have no pits and no bike changes are allowed. Bring what you need on the bike or in a pocket.

If in doubt, don't hand anything to a rider during a race, ask the Chief Commissaire first.

¹ Full rules: British Cycling Handbook 2026, Cyclo-Cross Technical Regulations, clauses CX8.1, CX8.6, CX8.7 (Page 70) and Appendix CX1 (pages 72-73). Available via britishcycling.org.uk/about/article/bcst_rulebook_and_constitution.

3. Travelling to the event

Close to the A40, M 25 and Heathrow Airport, the venue is accessed easily by car, and public transport, with the entrance to the Bedfont Road car park signposted as below. There will also be cycle event signs to help locate it from the M40 side.

4. Sign on

Sign on will be situated within the race village, in the centre of the course area and will be signposted from the car park.

All riders must have their race numbers attached to their bike for the practice sessions

Please collect your race number pack from Sign on. You will need to keep these and bring them every time you race in this year's league.

We suggest you allocate 5 minutes to set up the number pack and timing chip. Riders are not required to sign anything, and are to use their race number for all events in the League and the Regional Championships. Riders will be confirmed at the event by the timing system picking up their timing chip at the start of the race. This means that you will not have to revisit sign-on at any other event you enter in advance once you have your race number pack.

If you have ordered a 2nd bike number, follow the same process as above.

If you have forgotten your numbers, you will need to visit the timing tent and collect a 'Bib of Shame' which you must return after your race. This will be your race number for the day only.

Return of last year's number pack

In our drive to keep costs down to you as riders and recycle equipment as much as possible, we really would like you to return your number tail fins and jersey numbers from previous seasons. There will be a marked crate at Sign on for you to do this.

5. Toilets

Portable toilets will be situated close to the race village at the centre of the course area.

6. Course map Full

Provisional plan – subject to change as final course will be dependent on weather conditions. Dotted area including steps will be included subject to final decision on course.

Under 8/10/12 Course

9. Event Officials

Event Organiser – Chris Montagu and Matt Foote, Kingston Wheelers

Chief Marshal – tbc

Timekeeping – LCCA Timing Team

British Cycling Chief Commissaire – Jon Goodge

British Cycling Commissaire 2 – Phil Jemmison

British Cycling Commissaire 3 – Neil Simpson

Course Design – Chris Montagu, Matt Foote

First Aid Provider – EMATS Limited

Governing Body – British Cycling

10. Race Programme and timetable

Race	Gridding	Race Start	Duration
Practice 1 U8/10/12	9am to 9.15am		
Under 10	9.15	9.20	10 mins
Under 8	9.15	9.20	10 mins
Under 12	9.35	9.40	15 mins
Practice 2	10am to 10.35am		
Under 14/16	10.35	10.40	30 mins
Junior/Masters 40 Open	11.20	11.30	40 mins
Female (All Cats)	12.20	12.30	40 mins
Practice 3	13.20 to 13.45		
Masters 50/60/70+ Open	13.45	13.50	40 mins
Senior/U23 Open	14.40	14.50	60 mins

Practice times – Please note that course open times are provisional as dependent on lap times and conditions. Please look for the green course open and red closed flags for accurate info on when you can get on course.

Gridding – Gridding will be created for each event race and advertised on the league results website and Facebook page before the event, any queries in gridding may be raised on Friday via email as posted on the results site. Please visit the London and South East Cyclo Cross League Website [rules section](#) for a full explanation of how the gridding has been created.

11. Podium Presentation times and results

Podium Presentation	
U8/10/12 (18)	10.15
Youth (12)	11.45
Masters 40/Jun Open and All Female Categories (24)	13.30
Masters 50/60/70+ Open (9)	15.00
Senior/U23 Open (6)	16.00

Results

Race Results and overall league tables will be published online and can be accessed via the London cx league web site as soon as feasible after each race.

Race queries can be made up to 6pm on the Tuesday after each race by emailing admin@londonxleaguerevents.co.uk.

Once finalised, the results will be sent to BC to update the events page and allocate national rankings points.

12. Technical Regulations

The event is run under the rules of the British Cycling Federation

https://www.britishcycling.org.uk/cyclocross/article/bcst_rulebook_and_constitutions?c=EN

London and South East Cyclo Cross rules and info on league available here <http://www.londonxleague.co.uk/rules/>

Results will be published on the London and South East Cyclo Cross website and Facebook pages pretty much on the day of racing

Any queries on results please visit here for info how to do this admin@londonxleaguerevents.co.uk.

13. First Aid and local hospitals

First Aid is provided by:

EMATS Limited

Garland House,
Desborough Avenue,
High Wycombe,
Bucks,
HP11 2RN
0330 175 9971
www.emats.co.uk

Local Hospital

Ashford Hospital, London Rd, Stanwell, Ashford TW15 3AA

Challenge Rider of the Day Award

Once again this season Challenge Tires is proud to support the "Challenge Rider of the day" award. This special prize is given at every round to the rider who displays true grit and determination, someone who performs a notable act of sportsmanship or a good deed during the event. The Prize is a rather nice pair of Challenge Tubeless cross tires worth over £120 RRP.

Anyone can nominate a deserving rider on race day by sending an email [here](#) to the contact page on the LCCA website by 10pm the Wednesday after the race. (Use the contact form, not the email address to query Results)

We shall also have a notice board with a QR code at each race to remind you to nominate your rider.

Our aim will be to present the award to the rider at the next round as the start of their race.

It occurred to me that we have been awarding this prize since 2017!! Take a look and see if you can recognise some of the winners over the years! Some riders are a little more grown up these days
